- The Company's Earning Per Share (EPS) has increased to ₹ 9.59 as against ₹ 6.83 in that of corresponding previous half year.

Commenting on the results, Mr. Manohar Bidaye, Chairman – Zicom Electronic Security Systems Limited said, *“The consolidated performance of the Company for the half year ended has been very encouraging which is reflected by the growth of 36% in Income and jump in Net Profit After Tax and Minority Interest of 64%. This is really commendable performance considering that first half year performance of the Company is traditionally lower as compared to second half due to external factors affecting business environment of the Company.*

Riding on the back of economic recovery in the Gulf Region, particularly in U.A.E., Unisafe Dubai and Phoenix Qatar have reported remarkable performance. The fire safety business in Middle-East has been a major contributor to the topline and bottomline of the Company.

The Indian business, which is not much affected by slowdown in economy, has shown encouraging result, however, the exchange rate fluctuation kept margin under pressure. Zicom on standalone has shown an increase of 25% and 42% in the topline and bottomline respectively. Besides, performance of Zicom SaaS has also been encouraging.

In view of this encouraging trend, I expect the year to close with better growth and profitability.”
