Continued economic recovery in the Gulf Region and heavy spending on infrastructure by Government both in U.A.E. and Qatar, have helped Unisafe Dubai and Phoenix Qatar to report improved performance. The fire safety business in Middle-East has been a major contributor to the topline and bottomline of the Company.

The Indian business also continued with improved performance. Zicom on standalone has shown an increase of 23% in the topline. Besides, performance of Zicom SaaS has been remarkable with topline showing growth of 122% and bottomline rising by 45%. The continued interest from Indian Bankers to Zicom's ATM surveillance solutions has helped Zicom SaaS to show this encouraging performance."
