

>> Zicom's road show for awareness

Zicom Electronic Security Systems aims through a road show to create awareness about the importance of security in Tamil Nadu.

The road Show initiative will highlight the importance of security measures and the effectiveness of electronic security systems by exposing the attendees to the many innovative offerings developed by the company to best address security needs of the customers.

The company will showcase wide array of products and solutions including state-of-the-art, reliable and high quality - CCTV Surveillance Systems, Access Control Systems, Fire Alarm Systems, Multi- Apartment Video Door Phones, Fingerprint Locks, Video Door Phones, Telecom Tower Security Services as well as India's first and only centralised CMS facility.
